2015 Annual Sales Report

Issued by: BizLink Holding Inc. (TWSE code: 3665)

Issued on: March 15th, 2016

BizLink Holding Inc. (TWSE: 3665), announced today that consolidated net sales for the year 2015 totaled NTD 8,416,972 thousand (US\$ 265,199 thousand), an increase of 12.50% from the consolidated net sales of year 2014*. The EPS for 2015 was NTD 8.3 (US\$ 0.2615) and the Company attained a 26.63% gross margin.

In comparison with 2014, net income increased by 23.18% (NTD), while gross margin fell 1.22 percentage points. This was due to IT products accounting for 48% of the yearly revenue (an increase of 6 percentage points), an industry with relatively lower profit margins.

Quarter 4- Overview of Business operations:

- Docking Station pulls were higher than expected; however Adapters (dongle) sales slowed due to customer inventory adjustments.
- Rush orders for Electric Vehicle Harnesses, with contribution from Energy Storage and Cold Storage Harnesses, made up the slump in Sports Vehicle Harness sales. Consequently the Motor Vehicle segment remained stable from the previous quarter.
- Due to increased demand from customers in India, the Photovoltaics segment saw growth.
- The Fibre Optics segment saw a continued increase in rush orders and consequent growth.

Quarter 1- Outlook

- Docking Station demand remained in line with expectations, but continued inventory adjustments slowing the IT segment overall. Pressure from customers for cost down on IT segment products in force, impact remains to be seen.
- Client production adjustments in the first quarter for Electric Vehicle and Energy Storage translating to a slowdown in deliveries for the respective harnesses.

* The consolidated net sales for the year 2014 totaled NTD 7,482,011 thousand (US\$ 246,945 thousand) (audited by CPA).
